Our business is based on strong family values. We love what we do and we want to keep doing it. We, a team, are dedicated towards betterment of the store and would always be willing to go that extra mile for satisfaction. You can make us walk that mile by simply <u>contacting us</u>.

### How are we different?

**Authorized TVPad Reseller:** 

We're an authorized TVPad Reseller. What does this mean? Well, this implies that we ship the latest and brand new TVpad products directly from the factory. As we're an authorized TVPad reseller, we also provide unmatched aftersales services. We're not going to disappear, unlike other TVpad sellers who might not even respond to your emails. We would always be there to hear you out.

## Case 2:15-cv-01869-MMM-AJW Document 23-6 Filed 03/16/15 Page 17 of 183 Page ID

**Genuine and Authentic Products:** 

We ship *only* the latest TVPad models that run the latest version of the firmware. If you've purchased TVpad products from unauthorized marketplaces like EBay or Amazon, you should know that the sellers on those marketplaces usually ship old models that run old software versions. They install the latest version of software by manually opening the box, which voids the warranty on your TVPad. These products can also be replicated/non-original products that look similar to TVpad. The products we ship, on the other hand, are 100% genuine, authentic, sealed and come straight from the factory. If your not happy with our products, we have a no hassle return policy. All products also carry a standard 1 year manufacturer warranty. Read more about product warranty options, here.

Lifetime Product support:
We provide lifetime product support on all the products we sell. If you experience any technical issues with TVPad, you can reach us anytime and our courteous customer service staff would always be there to help you out.

Full return/Exchange policy:
We also have a Full
return/Exchange policy. If you do
not receive the product in the right
condition and want it
returned/exchanged, we would gladly
replace it. Read more about our Return
and Exchange policies.

Warranty Service:
We provide Genuine Warranty
on TVPad products. Our warranty
covers all labor charges and cost of
internal parts. The warranty period
starts after you receive the product.

#### **Our Values**

We are an enthusiastic bunch of people, who love what they do and want to keep doing it. We, as one big family, strive to maintain the highest levels of customer satisfaction, all around. We have a cheerful, friendly and wonderful customer support staff that is easily approachable and provides the best possible assistance.

We live by the golden rule- "Treat others as you would treat yourself". We believe that a business grows out of customer interest and not out of capital interest. So, whatever we do, we always think of you first.

At TVPad Store, we also believe in honesty and transparency. What you see is what you buy. We only sell genuine products and would always be there to solve any issues that might arise. You can count on us.

#### Reach Us

Want to shout out loud but don't know who would listen? Well, we're listening. You can reach us, any time, here by contacting us.

TVPad Store is owned and managed by **Asha Media Group Inc.**, a Florida, U.S based company. Our management and customer service departments are located in U.S, while the factory and shipping units are in China.

TVPAD FREQUENTLY ASKED QUESTIONS

# The General Questions:

#### ✓ WHAT IS THE TVPAD?

This is a set-top box using the Android operating system. It allows you to access many movies and TV channels in Asia without paying extra. It is possible to watch channels in China, Japan, Taiwan, Hong Kong and Korea.

#### ✓ HOW DO I WORK THE TVPAD?

You just need a broadband connection with 3Mbps or faster. Simply connect your device to your modem/router and your TV and you can enjoy all the channels through the apps.

#### ✓ IS IT LEGAL TO USE THE TVPAD?

YES, it is legal. The device sold from the TVpad store is a platform for users to install the apps of their choice on. The only responsibility of the company is to provide the hardware. The apps, themselves, come from third-party vendors so you can stream and view video content. The TVpad store has no control over the contents in the videos and does not install any of the apps.

EXHIBIT 81

### ✓ HOW DO TVPADS DIFFER FROM OTHER SET-TOP BOXES AVAILABLE?

Think of the difference between the two types of boxes as the different between regular cell phones and smartphones. TVPads offer more personalization options. You can install the apps tha tyou want, adjust functions easily based on your preferences. These options are not available with most other set-top boxes currently on the market. Read our post about Why TVpad is so awesome! :-)

The TVPad uses the Android operating system. It uses the most dependable and biggest software for video streaming, including BETV, XunLei, UUSEE, PPS and PPLive. The pictures are high in quality and stable due to the upgraded P2P service it uses. The software can be downloaded onto the computer initially to make sure the area gives good coverage. When it is then downloaded onto the TVPad, the outcome should be the exact same.

The majority of other set-top boxes will link to main sources and usually without permission, which leads to low quality. Since the permission hasn't been granted, this can lead to the service being terminated once the source finds out. You may find that you suddenly can't watch anything. There is also an element of network sharing, which can mean the channels are unwatchable if used overseas. TVPad is revolutionary to the set-top box market.

#### ✓ WHAT IS THE DIFFERENCE BETWEEN TVPAD2 AND TVPAD3 ?

The TVpad3 is the latest generation of the TVpad product series. The main differences is the sleek new design, upgraded firmware to V4.08, Improved Wifi capability and a much more stable signal than the TVpad2. The new VOIP functionality is a very neat feature that allows you to make free international calls worldwide. All the Apps from TVpad2 are supported within the TVpad3 however the games are not supported because TVpad3 is releasing it's own Game Controller which is only compatible with the TVpad3. TVpad3 also has a smoother HD playback and a much better overall user experience.

#### ✓ HOW DO I MAKE VOIP CALLS USING THE TVPAD3?

The TVpad3 allows you to make VOIP calls however the TVpad Official VOIP phone will be available soon on our website. Compatability with other VOIP phones is not yet determined and we cannot guarantee that other VOIP phones will be compatible. Please standby for more details on our blog about the VOIP compatability.

✓ WHY DOES THE TVPAD SIMPLE IMPLESANT APPEAR ON SOME TVPADS AND NOT ON OTHERS?

Older versions don't have the imprint. Only those manufactured with the 2.70 versions, such as the M121 and M121S, and newer will have it.

#### ✓ HOW CAN I CHECK THE VERSION OF FIRMWARE ON MY TVPAD?

Go into Settings and then System Info.

#### ✓ CAN THE TVPAD PROVIDE ANY PROGRAMS LIVE?

YES! You can watch Live channels using the TVpad. You will need to install apps that will allow you to stream the channels. It is just like downloading Apps from an Iphone :-).

# ✓ HOW DO I KNOW IF I HAVE THE 1<sup>ST</sup> GENERATION OR 2<sup>ND</sup> GENERATION TVPAD?

If your firmware is v.1.xx, you have the 1<sup>st</sup> generation. If you have v. 2.xx or v.3.xx, you have the 2<sup>nd</sup> generation models.

#### ✓ CAN I UPGRADE MY TVPAD SYSTEM TO A LATER VERSION?

This isn't possible. For an upgrade, you will need to request a replacement from TVPad. This will usually involve shipping costs and processing fees.

### ✓ I ONLY HAVE HITV IN MAINLAND CHINA ON MY TVPAD. WHY?

Some of the apps, like BETV, have IP restrictions in certain areas so you may find that you cannot use them.

### ✓ CAN I USE THE TVPAD IN MAINLAND CHINA?

The majority of recorded and live channels are currently unavailable in China. This is due to restrictions out of TVPad's control so is not recommended for residents in the area. This is a device for those overseas, mainly.

# ✓ WHY ARE THERE TWO DIFFERENT REMOTE CONTROLS FOR THE TVPAD?

This will depend on the version you buy. Those buying the 2.70 or older will receive the older remotes. The newer versions have a newly designed remote. Those with the newer ones will find that it will operate your TV so there is no need for a secondary TV remote.

Av and HDMI outputs are available on the newer models (MS121S and MS121).

# ✓ WHAT IS THE RECOMMENDED WAY FOR CONNECTING THE TVPAD DEVICE TO THE INTERNET?

## ✓ IS THERE A CERTAIN DONGLE SUPPORTED BY THE DEVICE?

# **Questions About the Apps:**

# ✓ IS ANY MANUAL INSTALLATION OF ANY APPS REQUIRED WHEN FIRST OUT THE BOX? WHERE ARE THE APPS DOWNLOADED FROM?

✓ CAN I REMOVE PROGRAMS AND #1598NELS FROM MY FAVORITE LIST?

Select the program or channel you want to remove and then click on the Menu button on the remote. You will then see a pop-up on the screen so you can remove it. Confirm the choice by clicking Okay and it will be removed from your list.

# ✓ HOW DOES THE TVPAD DIFFER FROM OTHER TV BOXES THAT ARE AVAILABLE?

The fees and charges differ. At the moment, most of the similar products have monthly subscription fees. You could find that your 12 month bill is more than the cost for the TVpad outright.

The service and contents also differs. While you can watch through satellite receivers, the quality and reception is dependent on the weather. This is also costly and bulky. Many find that the installation for the boxes just takes up far too much room.

There is also a limit to the channels that you will get with the other boxes as there is no compatibility for expanding. TVpads use applications from third-party developers, meaning much more is available. There are currently over 10 language apps available, including Japanese, Korean and Cantonese/Mandarin Chinese. There are also over 100 channels (live) and 10,000 VODs available.

There is also more authority and stability with the TVpad since many high-profile suppliers decided to join.

There is the ability to enjoy HD channels, play motion games, free VoIP, home KTV and much more. This one device gives you so much to do from your sofa.

### ✓ HOW DO I GUARANTEE THE TVPAD WILL BE STABLE AFTER BUYING?

The device runs on the Smart operating system with the open application platform (OAP). This allows for third-party developers to create apps that are free to download. You will find something for all your needs through the different apps available. There are also a number of highly reliable and profiled suppliers, including BETV and PPS. So far over 10,000 users are happy with the reliability and stability from the device.

#### ✓ ARE THERE ANY SPECIFICATIONS BY LAW THAT THE TVPAD FITS?

The aim is for all app to be free to download through the third-party developers and open application

Case 2:15-cv-01869-MMM-AJW Document 23-6 Filed 03/16/15 Page 56 of 183 Page ID platform. There is also the ability to install the apps directly onto Apple devices, despite the contents being from different developers.

### ✓ WHAT'S THE DIFFERENCE BETWEEN THE MS121S AND M223 (TVPAD2)?

The TVpad2 offers upgraded hardware and software compared to the MS121S. These include an updated processor, improved speed at startup, improved app start speed and operation speed and more sensitivity for the 3D motion games. The TVpad2 also has a built-in WiFi so there is no need for any external adapters.

Apps have also been further developer. There are more apps from PPS, BETV and other suppliers to improve your viewing experience.

### ✓ WHAT ARE THE TVPAD NETWORK REQUIREMENTS?

The TVpad does require the internet. If you want a smooth experience, those with a 2M network speed or more is beneficial. It is best to download anything you choose to use onto your computer so you can test the network's capability. This is generally a good way to determine if it is compatible. Between 1G and 2G is used each hour so select your packages according to your needs.

#### ✓ WILL THE TVPAD SUPPORT A CONNECTION THROUGH WIFI?

Connections through WiFi and cable are supported. According to customer data and feedback, the cable connections are better for smoothness and stability. We recommend cable or power line adapters for a great experience.

#### ✓ ARE OLD TELEVISION TYPES SUPPORTED?

There are AV and HDMI ports available so old and new TVs are supported. It supports all user needs.

# ✓ HOW MUCH POWER DOES THE TVPAD NEED AND WILL IT WORK ABROAD?

Staff will also provide a conversion plug when placing an order at our website so you don't need to worry about this.

### ✓ WHICH BRANDS OF TVS DOES THE TVPAD WORK WITH?

Due to a transfer agreement, the following brands and models will not work with the TVpad:

#### ZHOU XUN CROWNED CHINA'S FAVORITE CELEBRITY

■ By <u>TVpad Team</u>

□ 2014年12月8日

It is official; the people's favorite in China is Zhou Xun. In an international fan basurvey to crown China's "most favorite star," the beautiful actress was the overw favorite. The <u>Huading Awards</u> survey results were compiled from data gathered nationwide, and showed some surprises in the finalized list of the nation's favorite celebrities.

With 96.83 points in her favor, Chinese actress and singer Zhou Xun tops the list of China's favorite stars by a large margin. Most recently appearing in "Red Sorghum" should be also gained international fame for her roles in the Legend of the Condor and 2 Cloud Atlas. The beautiful actress recently married actor Archie Kao who was a region the popular American television series "CSI." The newlywed couple has since been named the face of the 2015 Chinese New Year's campaign from H&M.

#### CHINA'S MOVIE FANS EXPRESS DISAPPROVAL

While Chinese moviegoers overwhelmingly showed their approval for Zhou Xun, they also expressed their disapproval for the actions of some celebrities. The Huading Awards survey included questions that dealt with a celebrity's professionalism, social influence, and commercial value. Several famous names had problems when the questions were on the topic of morality. If the recent popularity rating is any indication of how Chinese fans view their celebrities, some famous names might be in trouble.

At the bottom of the list was Taiwanese actor Kai Ko who is still trying to recover his image after being arrested for illegal substance use in Beijing earlier this year. Other celebrities at the bottom of the popularity list include veteran actor Zhang Guoli's son, Zhang Mo, who also had problems recently with drug possession. What was slightly surprising to some moviegoers was the son of Jackie Chan, Jaycee Chan, appearing in the bottom top ten. It seems that not even being the son of a beloved Chinese film star is enough to keep the public from showing their disapproval when drugs are involved.

#### CHINA'S OTHER FAVORITE CELEBRITIES

Case 2:15-cv-01869-MMM-AJW Document 23-6 Filed 03/16/15 Page 97 of 183 Page ID Along with Zhou Xun, the Chinese showed love and support for several other celebrities that include renowned directors, musicians, and of course the multitalented Nicholas Tse. Starting as an artist in Hong Kong, Nicholas Tse went on to gain fame as a singer and now, as a businessman. For many fans, he is the embodiment of a truly talented and modern Chinese man.

The list of Chinese celebrities also included singer Eason Chan, who is only slightly less popular than Zhou Chan. The proclaimed "king of pop" is also a record producer and successful entrepreneur. He is best known for popularizing a style of music known as Cantopop, along with the genre referred to as Mandopop. Winner of the Golden Melody Awards' "Best Male Singer" award in 2003, his albums have also been listed in Time magazine's "Five Asian Albums Worth Buying".

Also included in the top ten most popular Chinese celebrities is actor Chen Daoming. For more than twenty years, fans have been watching the veteran actor in both television and film roles, eagerly awaiting his next project. He gained international stardom for his role as King of Qin on television, and for his role in the film "Hero" released in 2002. His varied roles span generations and film genres, which is one of the reasons he has remained a favorite celebrity of the Chinese people.

#### WATCH ALL THE POPULAR CHINESE CELEBRITIES

Chinese living abroad can still watch all of their favorite movies and celebrities with an easy to use smart media box. With the ability to stream thousands of movies, interviews, and awards shows directly from the cloud, TVpad owners can watch all of their favorite

To Whom It May Concern:

I am the Senior Vice President, International & Legal Affairs for DISH Network L.L.C. ("DISH"), which is the exclusive satellite provider in the United States of certain copyrighted television programming owned and distributed by China Central Television and its affiliated companies ("CCTV"), and the exclusive satellite and "over the top" provider in the United States of certain copyrighted television programming owned and distributed by Television Broadcasts Limited and its affiliated companies ("TVB"). On behalf of DISH, CCTV and TVB, I am writing to demand that you immediately cease and desist from infringing and/or contributing to the infringement of CCTV and TVB programs.

As you may know, DISH is a leading provider of satellite television programming in the United States, with over 14 million commercial and residential subscribers. In addition to providing programming that originates in the United States, DISH is also proud to provide its U.S. customers with programming that is produced in other countries. This includes television content from CCTV and TVB.

It has come to our attention that CNT manufactures a set-top device known as the "TVpad" and sells the device through a global network of distributors, including distributors in the United States. As you are aware, the TVpad device enables customers to view pirated television programming (played live, time-delayed, and on-demand) from overseas, including pirated television programming from Hong Kong and mainland China. It is our understanding

that CNT makes no payment to DISH, CCTV, TVB or other broadcasters for the use of this content, and neither DISH, CCTV nor TVB has authorized CNT or any other party to make CCTV or TVB content available through the TVpad. The unauthorized reproduction, public performance, display, and distribution of CCTV and TVB content in the United States constitutes copyright infringement under U.S. law.

It is our understanding that CNT is responsible not only for manufacture and sale of the TVpad device, but also for acquiring, reproducing and making available the unauthorized content on the device through an "app store," by means of applications available through that store, some or all of which may operate on a peer-to-peer basis. In light of the foregoing, we have cause to believe that CNT and/or persons acting in concert with CNT are directly infringing the copyrights in television programming for which DISH, CCTV and/or TVB own exclusive rights, as well as inducing, materially contributing to, and failing to control the blatant infringing activities of others through the TVpad device.

Attached hereto as Exhibit A is a list of applications available on the TVpad app store that provide infringing content and a list of the CCTV and TVB channels transmitted through those applications. Attached hereto as Exhibit B is a representative list of some of the CCTV and TVB programs that are illegally provided by CNT and/or persons acting in concert with CNT. Please be aware, however, that all of the CCTV and TVB television programming accessible through the TVpad by whatever means—whether live, time-delayed, or on-demand—is infringing.

We demand that CNT and any parties acting in concert with CNT, or pursuant to CNT's direction or control, immediately: (a) cease and desist providing CCTV and TVB content through the TVpad and its affiliated network; and (b) cease and desist providing the applications listed in Exhibit A, and any similar infringing applications, through the TVpad app store or otherwise. The continued reproduction, performance, display, and distribution of CCTV and TVB content following receipt of this letter may constitute willful infringement.

We note that CNT has not designated an agent under the Digital Millennium Copyright Act ("DMCA") for notification of claims of infringement pursuant to Section 512(c) of the DMCA. However, for the avoidance of doubt, in the unlikely event that any of the infringing content delivered through the TVpad app store and the applications available therein is provided by third parties, this letter constitutes notice on behalf of DISH, CCTV and TVB, under 17 U.S.C. § 512(c)(3)(A), that DISH, CCTV and TVB have a good faith belief that the reproduction, performance, display, and distribution of these applications, and the content provided through these applications including the representative programming listed on Exhibit B, is not authorized and infringes the respective rights of DISH, CCTV and TVB in their copyrighted works. We accordingly demand that you remove or disable access to the infringing material. If you fail to do so, you may be liable for damages and injunctive relief. I certify that the information we have provided is accurate and that, under penalty of perjury, I am authorized to act on behalf of DISH, CCTV and TVB, owners of the rights infringed by the above-referenced content.

This letter is without prejudice to any of DISH's, CCTV's or TVB's rights or remedies at law or in equity, all of which are specifically reserved.

Sincercty,

Chris Kuelling

We also understand that Asha Media promotes the availability of

TVB and CCTV programming through the TVpad device. It is our further understanding that neither Asha Media nor any other party makes any payment to DISH, CCTV, TVB or other broadcasters for the use of this content, and neither DISH, CCTV nor TVB has authorized Asha Media or any other party to make content available through the TVpad. The unauthorized reproduction, public performance, display, and distribution of CCTV and TVB content in the United States constitutes copyright infringement under U.S. law, as does the advertising and promotion of the availability of—and the encouragement of consumers to access—such infringing content.

It is our understanding that pirated CCTV and TVB content on the TVpad device is made available to your customers without authorization through an "app store," by means of applications available through that store, some or all of which may operate on a peer-to-peer basis. Asha Media is therefore liable for secondary copyright infringement because of its involvement in the sale and distribution of TVpad devices, its inducement of customers to infringe CCTV and TVB programming, and its material contribution to the infringing activities of others. Your continued infringing activity following receipt of this letter may constitute willful infringement.
